

Southeast Missouri Hospital College of Nursing & Health Sciences

2020 ANNUAL SECURITY REPORT

Introduction

This report is provided in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act, as amended. It provides students and employees of Southeast Missouri Hospital College of Nursing and Health Sciences ("College") with information on: the College's security arrangements, policies and procedures; programs that provide education on such things as drug and alcohol abuse, awareness of various kinds of sex offenses, and the prevention of crime generally; and procedures the College will take to notify the campus community in the event of an emergency. Its purpose is to provide students and employees with information that will help them make informed decisions relating to their own safety and the safety of others.

Policy for Preparing the Annual Report

This report is prepared by the Institutional Research Officer in cooperation with local law enforcement authorities and includes information provided by them as well as by the College's campus security authorities and various other elements of the College. Each year an e-mail notification is made to all enrolled students and employees that provides the website link to access this report. Prospective students and employees are also notified of the report's availability. Hard copies of the report may also be obtained at no cost by contacting Rhonda Vandergriff, SEH College, 2001 William St., Cape Girardeau, MO, 573-334-6825. The College is committed to taking the actions necessary to provide a safe and secure working/learning environment for all students and staff. As a member of the campus community, you can feel safe and comfortable knowing that security procedures are in place that represent best practices in the field, and are constantly tested and re-evaluated for their effectiveness.

General Safety and Security Policies

Campus Security Personnel & Relationship with Local Law Enforcement

The Southeast Health Security Department is responsible for campus safety at the College.

As part of Southeast Health, the Security Department of Southeast Health oversees the security of the College of Nursing and Health Sciences.

As part of Southeast Health, the Southeast Health Security Department oversees the crime prevention and premises access functions on the College's campus 24 hours a day, seven days a week. The Security Department's jurisdiction includes patrolling the campus, parking lots, and the hospital. The Security Department's officers have the authority to ask persons

for identification and to determine whether individuals have lawful business on Southeast Health property. They also have the authority to issue parking citations. Criminal arrests made on Southeast Health's property are done by the Cape Girardeau Police Department because the Security Department's officers themselves do not have arrest authority, as they are not commissioned law enforcement officers.

While the College does not have any written agreements with local law enforcement agencies, it does maintain a close working relationship with local police.

Campus Security Authorities

The College has designated certain officials to serve as campus security authorities. Reports of criminal activity can be made to these officials. They in turn will ensure that the crimes are reported for collection as part of the College's annual report of crime statistics. The campus security authorities to whom the College would prefer that crimes be reported are listed below.

- Title IX Coordinator at 573-334-6825
- President at 573-334-6825
- Dean of Student Affairs and General Education at 573-334-6825
- Institutional Research Officer at 573-334-6825
- Director of Security at 573-334-4822

Reporting a Crime or Emergency

The College encourages accurate and prompt reporting of all criminal actions, emergencies, or other incidents occurring on campus, on other property owned by the College, or on nearby public property to the appropriate administrator and appropriate police agencies. Such a report is encouraged even when the victim of a crime elects not to make a report or is unable to do so.

- First: Remove yourself to a safe place. Call 911 if necessary. 911 should be called when urgent help is needed. By dialing 911, immediate and direct access is given to local police, fire, and ambulance services.
- Call the Southeast Health Security Department at (573) 334-4822 (ext. 5525). Security will respond promptly. Security personnel will call the police department and will notify appropriate College personnel.
- You may also contact one of the campus security authorities listed above. Once reported, the individual may also be encouraged to report the situation to the appropriate police agency. If requested, a University staff member will assist in making the report to police.

Confidential Reporting

The College will protect the confidentiality of victims. Only those with a need to know the identity for purposes of investigating the crime, assisting the victim or disciplining the perpetrator will know the victim's identity.

Pursuant to the College's sexual misconduct policy, when an employee who is not a confidential resource becomes aware of alleged misconduct under that policy (including, but

not limited to, dating violence, domestic violence, sexual assault, and stalking), the employee is responsible for reporting that information, including the status of the parties if known, to the Title IX Coordinator. A victim of other types of crimes (e.g., aggravated assault, burglary, etc.) who does not want to pursue action within the College disciplinary system or the criminal justice system is nevertheless encouraged to make a confidential report to a campus security authority. Upon the victim's request, a report of the details of the incident can be filed with the College without revealing the victim's identity. Such a confidential report complies with the victim's wishes, but still helps the College take appropriate steps to ensure the future safety of the victim and others. With such information, the College can keep an accurate record of the number of incidents involving members of the campus community, determine where a pattern of crime may be developing and alert the community as to any potential danger. These confidential reports are counted and disclosed in the annual crime statistics for the College.

The College does not employ any pastoral or professional counselors and thus does not have procedures for these positions to inform the persons they are counseling of any procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

Security of and Access to Campus Facilities

A keyless-entry system has been installed to allow students, faculty, and staff badge access to the building during times that are appropriate to their course, enrollment status, or work schedules.

- Loss of Badge Access Cards must be reported immediately to the College Support Representative during day hours and the Security Office during evenings and weekends.
- Students, faculty, and staff have the responsibility to each other to maintain a safe and secure environment.
- Update your contact information in SONIS Web.
- Report suspicious activity by calling Security at 334-4822. Call 911 if necessary.
- Review Emergency Procedures in the Student Handbook.
- Seek help or refer a friend in crisis.

Students and employees are asked to be alert and to not circumvent practices and procedures that are meant to preserve their safety and that of others:

- Do not prop doors open or allow strangers into campus buildings that have been secured
- Do not lend keys or badge access cards to nonstudents or nonemployees and do not leave keys /badge access cards unattended
- Do not share access codes with anyone who does not belong to the campus community

Keys to the offices, laboratories, and classrooms on campus will be issued to employees only as needed and after receiving the proper authorization.

Employee and student identification cards may be used to verify the identity of persons in campus facilities.

Security Considerations in the Maintenance of Facilities

Maintenance personnel regularly check to ensure pathways are well-lit, that egress lighting is working in hallways and stairwells, and that the outside lights and the timers are working correctly. Southeast Health Security checks the lighting of the building exterior and parking lots during their security checks. College personnel report any lights that are not working and work orders are sent.

Educational Programs Related to Security Awareness and Prevention of Criminal Activity

The College seeks to enhance the security of its campus and the members of the campus community by periodically presenting educational programs to inform students and employees about campus security procedures and practices, to encourage students and employees to be responsible for their own security and the security of others and to inform them about the prevention of crimes. These programs are discussed below.

- Campus Administrative Team (CAT) works in conjunction with the Southeast Health Security Department to promote strategies to prevent violence.
- Students are strongly encouraged to view an active shooter education presentation, “Run, Hide, Fight.” This video is on Moodle, the College's online platform and is shown in First Year Seminar
- New students receive education in First Year Seminar on alcohol and drug abuse, smoking, and sexual violence prevention.
- Students are encouraged to view a sexual assault prevention video, “Sexual Assault: Prevention Tips.” This video is on Moodle, the College's online platform and is shown in First Year Seminar.
- Students and employees are reminded every semester by email, bulletin board notices, and Facebook posts about the importance of keeping the doors secure and not allowing other people to "piggyback" into the security door with them.
- New students receive their access ID badges during New Student Orientation and are educated on how to use the badge and their badge access PIN.
- New employees are educated during New Employee Orientation on the importance of keeping their badges and security PINs secure.
- The Southeast Health Compliance Officer meets with students in First Year Seminar to discuss safety and compliance issues. There is also a video recording that can be shown in classes.
- The Southeast Health Compliance Officer meets annually with employees to discuss security and compliance issues.

Monitoring Off Campus Locations of Recognized Student Organizations

The College does not have any officially recognized student organizations with off campus locations and therefore does not monitor or record criminal conduct occurring at such locations.

Disclosure of the Outcome of a Crime of Violence or Non-Forcible Sex Offense

Upon written request, the College will disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex

offense, the report on the results of any disciplinary proceeding conducted by the College against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of the paragraph.

The previous paragraph does not apply to victims of dating violence, domestic violence, sexual assault, or stalking because under the Violence Against Women Act both the accused and accuser in these cases are given the results without the need to make a written request.

Drug and Alcohol Policy

The College is committed to creating and maintaining an environment that is free of alcohol abuse. The College prohibits the possession, use, and sale of alcoholic beverages on campus or as any part of the College's activities, and it also enforces the state's underage drinking laws.

The College also enforces federal and state drug laws. The possession, sale, manufacture or distribution of illegal drugs is prohibited on campus or as any part of the College's activities. Violators of the College's policies or federal and state laws regarding illegal drugs will be subject to disciplinary action and possibly criminal prosecution.

College Definition of Consent

In addition to the definition of consent under Missouri law, the College uses the following definition of consent in its Sexual Misconduct Policy for the purpose of determining whether sexual violence (including sexual assault) has occurred:

Lack of consent is a critical factor in determining whether Sexual Violence/Assault has occurred. Consent is informed, freely given, and mutually understood. Consent requires an affirmative act or statement by each participant. Consent is not passive.

- If coercion, intimidation, threats, and/or physical force are used, there is no consent.
 - Coercion is direct or implied threat of danger, hardship, or retribution sufficient to persuade a reasonable person to engage in sexual activity in which they otherwise would not engage or submit. Coercion is different from seductive behavior based on the type of pressure someone uses to get another to engage in sexual activity. A person’s words or conduct cannot amount to coercion unless they wrongfully impair the other’s free will and ability to choose whether or not to engage in sexual activity. Coercion can include unreasonable and sustained pressure for sexual activity. When someone makes clear to you that they do not want sex, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive; once a person has made it clear that they do not want sex, that they want to stop, or that they do not want to go past a certain point of sexual interaction, you should be absolutely clear that they have changed their mind and are consenting before proceeding in sexual activity with them.
- If a person is mentally or physically incapacitated or impaired by alcohol or drugs such that the person cannot understand the fact, nature, or extent of the sexual situation, there is no consent.
- Following are warning signs that a person may be incapacitated or impaired by alcohol or drugs such that the person cannot understand the fact, nature, or extent of the sexual situation, there is no consent.
 - If a person is asleep or unconscious, there is no consent.
 - If a person is below the minimum age of consent in the applicable jurisdiction, there cannot be consent.
 - Consent to one form of sexual activity does not imply consent to other forms of sexual activity.
 - Consent to past sexual activity does not imply consent to other forms of sexual activity
 - Consent to engage in sexual activity with one person does not constitute consent to engage in sexual activity with another.
 - Being in a romantic relationship with someone does not imply consent.

- Consent can be withdrawn. A person who initially consents to sexual activity is deemed not to have consented to any sexual activity that occurs after he or she withdraws consent.
- Effective consent may not exist when there is a disparity in power between the parties (e.g., faculty/student, supervisor/employee).

Risk Reduction

If you find yourself in an uncomfortable sexual situation, these suggestions may help you reduce your risk:

- Make your limits known before going too far.
- You can withdraw consent to sexual activity at any time. Do not be afraid to tell a sexual aggressor “NO” clearly and loudly.
- Try to remove yourself from the physical presence of a sexual aggressor. Be direct as possible about wanting to leave the environment.
- Grab someone nearby and ask them for help.
- Be responsible about your alcohol and/or drug use. Alcohol and drugs can lower your sexual inhibitions and may make you vulnerable to someone who views an intoxicated/high person as a sexual opportunity.
- Attend large parties with friends you trust. Watch out for your friends and ask that they watch out for you.
- Be aware of someone trying to slip you an incapacitating “rape drug” like Rohypnol or GHB.

If you find yourself in the position of being the initiator of sexual behavior, these suggestions may help you to reduce your risk of being accused of sexual assault or another sexual crime:

- Remember that you owe sexual respect to the other person.
- Don’t make assumptions about the other person’s consent or about how far they are willing to go.
- Remember that consent to one form of sexual activity does not necessarily imply consent to another form of sexual behavior.
- If your partner expresses a withdrawal of consent, stop immediately.
- Clearly communicate your sexual intentions so that the other person has a chance to clearly tell you their intentions.
- Consider “mixed messages” a clear sign that the other person is uncomfortable with the situation and may not be ready to progress sexually.
- Don’t take advantage of someone who is really drunk or on drugs, even if they knowingly and intentionally put themselves in that state. Further, don’t be afraid to step in if you see someone else trying to take advantage of a nearly incapacitated person.
- Be aware of the signs of incapacitation, such as slurred speech, bloodshot eyes, vomiting, unusual behavior, passing out, staggering, etc.

It is also important to be aware of the warning signs of an abusive person. Some examples include: past abuse; threats of violence or abuse; breaking objects; using force during an argument; jealousy; controlling behavior; quick involvement; unrealistic expectations;

isolation, blames others for problems; hypersensitivity; cruelty to animals or children; "playful" use of force during sex; Jekyll-and-Hyde personality.

Bystander Intervention

In addition to reporting incidents to appropriate authorities, below are some ways in which individuals can take safe and positive steps to prevent harm and intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking against another person.

- Look out for those around you.
- Realize that it is important to intervene to help others.
- Treat everyone respectfully. Do not be hostile or an antagonist.
- Be confident when intervening.
- Recruit help from others if necessary.
- Be honest and direct.
- Keep yourself safe.
- If things get out of hand, don't hesitate to contact the police.

Other Information Covered by the PPAP

The PPAP also provides information on possible sanctions and protective measures that may be imposed following a determination that an offense of dating violence, domestic violence, sexual assault, or stalking has occurred, an explanation of the disciplinary procedures that will be followed when one of these offenses is alleged, the rights of the parties in such a proceeding, available resources, and other pertinent information. Much of this information is set forth in the upcoming sections of this security report.

Ongoing Prevention and Awareness Campaign:

The College also conducts an Ongoing Prevention and Awareness Campaign (OPAC) aimed at all students and employees. This campaign covers the same material as provided in the PPAP, but is intended to increase the understanding of students and employees on these topics and to improve their skills for addressing the offenses of dating violence, domestic violence, sexual assault and stalking.

PPAP and OPAC Programming Methods:

The PPAP and OPAC are carried out in a variety of ways, using a range of strategies, and, as appropriate, targeting specific audiences throughout the College. Methods include, but are not limited to: online presentations, distribution of written materials, periodic email blasts, and guest speakers. Past programming and currently planned programming include the following:

- Students participate in a module covering sexual harassment, sexual violence, sexual misconduct, and violence against women in FYS 101 the first-year seminar which is required for all students during their first semester of enrollment.
- Students are encouraged to view a sexual assault prevention video, "Sexual Assault: Prevention Tips." This is available on Moodle, the online education module.

- All faculty and staff of the Southeast Health College of Nursing and Health Sciences attend mandatory training for Sexual Harassment, FERPA, and Title IX during the annual professional development workshop.
- As part of the Southeast Health System, all employees must take mandatory online training including Safety, Sexual Harassment and Abuse, and Physical abuse and violence.
- Prior to going to clinical training, faculty and Southeast Health employees talk with students about discrimination, harassment, sexual violence, patient care, and other pertinent topics.
- As part of a health care institution, our Mental Health courses dedicate attention to sexual assault, harassment, abuse, and violence.

Procedures to Follow if You are a Victim of Dating Violence, Domestic Violence, Sexual Assault, or Stalking:

If you are a victim of dating violence, domestic violence, sexual assault, or stalking, go to a safe place and call 911 or the Southeast Health Security Department at 573-334-4822. You may also contact the College's Title IX Coordinator at 573-334-6825 ext. 2207.

Victims will be notified in writing of the procedures to follow, including:

1. To whom and how the alleged offense should be reported (contact the Title IX Coordinator or refer to the other resources listed in this report).
2. The importance of preserving evidence that may be necessary to prove the offense in a criminal proceeding or disciplinary action or to obtain a protective order.
3. The victim's options regarding notification to law enforcement, which are: (a) the option to notify either on-campus or local police; (b) the option to be assisted by campus security authorities in notifying law enforcement if the victim so chooses (the institution is obligated to comply with such a request if it is made); and (c) the option to decline to notify such authorities.
4. Where applicable, the rights of victims and the institution's responsibilities regarding orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court.

Preservation of Evidence & Forensic Examinations

Victims of physical assault are advised to not remove clothing items worn during or following an assault, as they frequently contain valuable fiber, hair, and fluid evidence. Don't bathe or wash, or otherwise clean the environment in which the assault occurred. You can obtain a forensic examination at Southeast Health Hospital, 1701 Lacey, Cape Girardeau, MO 63701, 573-334-4822.

Completing a forensic examination does not require you to file a police report, but having a forensic examination will help preserve evidence in case you decide at a later date to file a police report.

Victims are also advised to retain evidence in electronic formats (e.g., text messages, emails, photos, social media posts, screenshots, etc.). Such evidence is valuable in all situations, and it may be the only type of evidence available in instances of stalking.

Security/Law Enforcement & How to Make a Police Report

- Southeast Health Security, 573-334-4822, ext 5525
- Cape Girardeau Police Department, 40 South Sprigg Street, Cape Girardeau, MO 63703, 573-335-6621 or 911
- To make a police report, a victim should contact the local police agency listed above either by phone or in-person. The victim should provide as much information as possible, including name, address, and when and what occurred, to the best of the victim's ability.

Information about Legal Protection Orders

In Missouri, victims may obtain an Adult Order of Protection, which provides protective relief for victims of domestic violence, stalking, or sexual assault. Information about Adult Orders of Protection may be found at: <http://www.courts.mo.gov/page.jsp?id=533>.

A protection order may be obtained by filing a petition with the court. Courts can issue two types of orders: (1) Ex Parte Orders, which act as a temporary emergency order to protect a victim, for up to 15 days, until a court hearing, and (2) Full Orders of Protection, which may be issued for up to one year. Additional information about the orders may be found at: <http://www.courts.mo.gov/file.jsp?id=69655>.

- A Petition for Order of Protection should be filed for in the 32nd Circuit of Cape Girardeau County Courthouse. The address is: 1001 Court St, Jackson, Missouri 63755. The phone number is (573) 331-2386. Or, the Common Pleas Courthouse, 44 North Lorimier, Suite 1, Cape Girardeau, Missouri 63701.
- The circuit court clerk's office can provide the necessary forms and may assist in completing the forms. Forms may also be found online at: <http://www.courts.mo.gov/file.jsp?id=537>. A victim should be prepared to present documentation and/or other forms of evidence when filing for an order of protection.

Victims may contact local domestic violence and sexual assault advocates for assistance in obtaining a protection order.

When a protection order is granted, it is enforceable statewide. If you have obtained a protection order and need it to be enforced in your area, you should contact the local police department.

The institution will also enforce any temporary restraining order or other no contact order against the alleged perpetrator from a criminal, civil, or tribal court. Any student or employee who has a protection order or no contact order should notify the Title IX Coordinator and provide a copy of the restraining order so that it may be kept on file with the institution and can be enforced on campus, if necessary. Upon learning of any orders, the institution will take all reasonable and legal action to implement the order.

The institution does not issue legal orders of protection. However, as a matter of institutional policy, the institution may impose a no-contact order between individuals in appropriate circumstances. The institution may also issue a "no trespass warning" if information

available leads to a reasonable conclusion that an individual is likely to cause harm to any member of the campus community. A person found to be in violation of a No Trespass Warning may be arrested and criminally charged.

Available Victim Services:

Victims will be provided written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to them, both within the College and in the surrounding community. Those services include:

College Resources

- Southeast Health Security Department: 573-334-4822
- Title IX Coordinator: Erica Ury, 573-334-6825, Office 104, cury@sehcollege.edu
- Student Financial Aid – Sometimes a victim of a crime may feel the need to take a leave of absence from school. If a student is considering a leave of absence based on the circumstances of a complaint, he/she should understand there may be financial aid implications in taking such leave. This should be discussed with financial aid personnel, and the Title IX Coordinator for your campus can assist in facilitating this conversation if desired. The College's financial aid website can be found at: <http://www.sehcollege.edu/student-services/financial-aid>.

Accommodations and Protective Measures:

The College will provide written notification to victims about options for, and available assistance in, changing academic, living, transportation, and working situations or protective measures. If victims request these accommodations or protective measures and they are reasonably available the College is obligated to provide them, regardless of whether the victim chooses to report the crime to campus security or local law enforcement.

Requests for accommodations or protective measures should be made to the Title IX Coordinator at 573-334-6825 ext. 2207. The Title IX Coordinator is responsible for deciding what, if any, accommodations or protective measures will be implemented.

When determining the reasonableness of such a request, the College may consider, among other factors, the following:

- The specific need expressed by the complainant.
- The age of the students involved.
- The severity or pervasiveness of the allegations
- Any continuing effects on the complainant
- Whether the complainant and alleged perpetrator share the same class or job location.
- Whether other judicial measures have been taken to protect the complainant (e.g., civil protection orders).

The College will maintain as confidential any accommodations or protective measures provided a victim to the extent that maintaining confidentiality would not impair the College's ability to provide them. However, there may be times when certain information must be disclosed to a third party in order to implement the accommodation or protective measure. Such decisions will be made by the College in light of the surrounding circumstances, and disclosures of this nature will be limited so that only the information necessary to implement the accommodation or protective measure is provided. In the event it is necessary to disclose information about a victim in order to provide an accommodation or protective order, the College will inform the victim of that necessity prior to the disclosure, including which information will be shared, with whom it will be shared and why.

Procedures for Disciplinary Action:

Allegations of domestic violence, dating violence, sexual assault or stalking will be processed through the institution's Sexual Misconduct Policy and the related complaint resolution procedures. The procedures are utilized whenever or wherever a complaint is made, regardless of the status of the complainant and the respondent.

The complaint resolution procedures are invoked once a report is made to the following individual:

Title IX Coordinator

Erica Ury
Registrar
573-334-6825
Office 204
eury@sehcollege.edu

Once a complaint is made, the Title IX Coordinator will commence the investigatory process as soon as practicable, but not later than seven (7) days after the complaint is made. The Title IX Coordinator and/or designee will analyze the complaint and notify the respondent that a complaint has been filed. The formal and informal processes are described below.

Formal Process

During the investigation, both parties will receive written notice of the allegations. The Investigating Officer objectively evaluates all relevant evidence without prejudice of the facts at issue and free from conflicts of interest or bias for or against either party. The Investigating Officer will review the statements and evidence presented and may, depending on the circumstances, interview others with relevant knowledge, review documentary materials, and take any other appropriate action to gather and consider information relevant to the complaint. The Investigating Officer will hold a live hearing and allow cross-examination by party advisors (never by the parties personally); but parties may submit written questions for the other parties and witnesses to answer. All parties and witnesses involved in the investigation are expected to cooperate and provide complete and truthful information.

During the investigation process, both a complainant and a respondent have an equal opportunity to select an advisor of the person's choice (who may be, but does not need to be, an attorney), and an equal opportunity to submit and review evidence throughout the investigation. In cases involving multiple complainants or respondents, the support person cannot be another complainant or respondent. A support person may be removed if he or she becomes disruptive or does not abide by the limitations discussed in the previous sentence.

At the conclusion of the investigation, the Investigating Officer will prepare a written report. The written report will explain the scope of the investigation and identify findings of facts. The report is presented to the Dean of Student Affairs as the decision-maker (who is not to be the same person as the investigator or the Title IX Coordinator). The Decision-Maker will review the documentation and state whether any allegations in the complaint were found to be substantiated by a preponderance of the evidence.

If the written report determines that Sexual Misconduct occurred, the Decision-Maker shall set forth in an addendum to the written report those steps necessary to maintain an environment free from Sexual Misconduct and to protect the safety and well-being of the complainant and other members of the College Community. Such actions will also include reasonable steps to correct the effects of such conduct on the complainant and others and to prevent the recurrence of Sexual Misconduct and retaliation. Examples of such action include: no-contact orders, classroom reassignment, the provision of counseling or other support services, training, and discipline for the perpetrator, including up to termination, expulsion, or other appropriate institutional sanctions.

The complainant and the respondent will receive a copy of the written report and any addendum within three (3) days of its completion.

Informal means of resolution, such as mediation, may be used in lieu of the formal investigation and determination procedure. The Investigating Officer must obtain the persons' voluntary, written consent before using any kind of "informal resolution" process, such as mediation or restorative justice, and not use an informal process where an employee allegedly sexually harassed a student.

The following standards apply to any informal resolution method that is utilized:

- The informal process can only be used with both parties' voluntary cooperation and appropriate involvement by the institution (e.g., the Title IX Coordinator)
- The complainant will not be required to "work out" the problem directly with the respondent
- Either party may terminate the informal process at any time and elevate the complaint to the formal investigation procedures
- Informal resolution in the form of mediation, even on a voluntary basis, will not be used to resolve complaints alleging sexual assault

The College will endeavor to conclude its investigation and resolution of the complaint within sixty (60) calendar days of receiving it. Both the complainant and the respondent will be given periodic updates regarding the status of the investigation. If either the complainant or respondent needs additional time to prepare or to gather their witnesses or information, they shall notify the Investigating Officer in writing explaining how much additional time is needed and why it is needed. The Investigating Officer shall respond to any such request within three (3) days.

Both parties have the opportunity to appeal. Appeals must be filed with the President within ten (10) days of receipt of the written report determining the outcome of the complaint. If neither party files an appeal, both parties will be notified in writing the timeline for filing an appeal has passed and the complaint has been deemed resolved.

The appellant may request a meeting with the President, but the decision to grant a meeting is within the President's discretion. However, if a meeting is granted, both parties will be notified and granted equal opportunity.

The President will resolve the appeal within fifteen (15) days of receiving it and may take any and all actions that he/she determines to be in the interest of a fair and just decision. The decision of the President is final. The President shall issue a short and plain written statement of the resolution of the appeal, including any changes made to the Investigating Officer's previous written determination or the corrective measures imposed. The written statement shall be provided to the complainant, respondent, and the Title IX Coordinator within three (3) days of the resolution.

Rights of the Parties in an Institutional Proceeding:

During the course of the process described in the previous section, both the accuser and the individual accused of the offense are entitled to:

1. A prompt, fair and impartial process from the initial investigation to the final result.
 - A prompt, fair and impartial process is one that is:
 - Completed within reasonably prompt timeframes designated by the institution's policy, including a process that allows for the extension of timeframes for good cause, with written notice to the accuser and the accused of the delay and the reason for the delay.
 - Conducted in a manner that:
 - Is consistent with the institution's policies and transparent to the accuser and the accused.
 - Includes timely notice of meetings at which the accuser or accused, or both, may be present; and
 - Provides timely access to the accuser, the accused and appropriate officials to any information that will be used during the informal and formal disciplinary meetings and hearings.
 - Conducted by officials who do not have a conflict of interest or bias for or against the accuser or the accused.
2. Proceedings conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.

Such training addresses topics such as relevant evidence and how it should be used during a proceeding, proper techniques for questioning witnesses, basic procedural rules for conducting a proceeding, and avoiding actual and perceived conflicts of interest. The Title IX Coordinator attended a face-to-face workshop to train Title IX professionals to effectively investigate and resolve alleged incidents of sex and gender discrimination, sexual harassment, interpersonal violence, and sexual misconduct.

3. The same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. The institution may not limit the choice of advisor, but may establish limits regarding the extent to which that advisor may participate in the proceeding, as long as those limits apply equally to both parties.
4. Have the outcome determined using the preponderance of the evidence standard.
5. Simultaneous, written notification of the results of the proceeding, any procedures for either party to appeal the result, any change to the result, and when the result becomes final. For this purpose, "result" means "any initial, interim and final decision by an official or entity authorized to resolve disciplinary matters" and must include the rationale for reaching the result and any sanctions imposed.

Possible Sanctions or Protective Measures that the College May Impose for Dating Violence, Domestic Violence, Sexual Assault or Stalking Offenses:

Following a final determination in the institution's disciplinary proceeding that domestic violence, dating violence, sexual assault, or stalking has been committed, the institution may impose a sanction depending on the mitigating and aggravating circumstances involved. The possible sanctions include: warning; reprimand; probation; restitution; fine; loss of privileges; suspension or expulsion/termination; restriction on eligibility to represent the College at any official function. If a suspension is imposed on a student, it may be for part of a semester, a full semester, or an entire academic year. An employee may be suspended for any length of time determined appropriate by the College President and Southeast Health Vice President of Human Resources. Following a suspension, the individual will be required to meet with their Program Director and Dean of Student Services (student) or the College President and Southeast Health Vice President of Human Resources (employee) to discuss re-entry and expectations going forward.

In addition, the College can make available to the victim a range of protective measures. They include: forbidding the accused from communicating with the victim, other institutional no-contact orders, security escorts, modifications to academic requirements or class schedules, changes in working situations, etc.

Publicly Available Recordkeeping:

The College will complete any publicly available recordkeeping, including Clery Act reporting and disclosures, without the inclusion of personally identifiable information about victims of dating violence, domestic violence, sexual assault, and stalking who make reports of such to the College to the extent permitted by law.

Victims to Receive Written Notification of Rights:

When a student or employee reports to the College that he or she has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the College will provide the student or employee a written explanation of his or her rights and options as described in the paragraphs above.

Sex Offender Registration Program:

The Campus Sex Crimes Prevention Act of 2000 requires institutions of higher education to advise members of the campus community where they can obtain information provided by the state concerning registered sex offenders. It also requires sex offenders to notify the state of each institution of higher education in the state at which they are employed or enrolled or carrying on a vocation. The state is then required to notify the College of any such information it receives. Anyone interested in determining whether such persons are on this campus may do so by contacting the Erica Ury, Title IX Coordinator at 573-334-6825. State registry of sex offender information may be accessed at the following link:<http://www.mshp.dps.missouri.gov/MSHPWeb/PatrolDivisions/CRID/SOR/SORPage.html>

Timely Warnings and Emergency Response

Timely Warnings

In the event of criminal activity occurring either on campus or off campus that in the

judgment of the College President or designee, and Southeast Health Director of Security constitutes a serious or continuing threat to members of the campus community, a campus-wide “timely warning” will be issued. Examples of such situations may include a sexual assault or a series of motor vehicle thefts in the area that merit a warning because they present a continuing threat to the campus community. Warnings will be communicated to students and employees via one or more of the methods discussed later in this section. Updates to the warnings will be provided as appropriate.

Anyone with information warranting a timely warning should immediately report the circumstances to:

- College President or designee, 573-334-6825
- Southeast Health Director of Security, 573-334-4822

The College has communicated with local law enforcement asking them to notify the College if it receives reports or information warranting a timely warning.

Emergency Response

The College has an emergency management plan designed to ensure there is a timely and effective response in the event of a significant emergency or dangerous situation occurring on campus involving an immediate threat to the health or safety of members of the campus community. Such situations include, but are not limited to: tornadoes, bomb threats, chemical spills, disease outbreaks, fires, active shooters, etc. The College has communicated with local police and Southeast Health Department of Security requesting their cooperation in informing the College about situations reported to them that may warrant an emergency response.

Students, staff, and visitors are encouraged to notify the Administrator or Director of Security or his deputy at 573-334-6825 of any emergency or potentially dangerous situation.

The College President and/or College Administration and/or Southeast Health Security Department will access available sources of information from campus administrative staff and local authorities to confirm the existence of the danger and will be responsible for initiating the institution’s response and for marshaling the appropriate local emergency response authorities for assistance. Depending on the nature of the emergency, other College personnel or Hospital departments may be involved in the confirmation process.

Once the emergency is confirmed and based on its nature, the President or designee will consult with other appropriate College officials to determine the appropriate segment or segments of the College community to be notified.

The College President / or designee in collaboration with other appropriate personnel, will determine who should be notified, and will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

Depending on the segments of the campus the notification will target, the content of the notification may differ. When appropriate, the content of the notification will be determined in consultation with local authorities. Also, as appropriate, the notification will give guidance as to whether its recipients should shelter in place or evacuate their location.

The President or College Administrator or Director of Security or his deputy will direct the issuance of emergency notifications, which will be accomplished using one or more of methods discussed later in this section, depending on the nature of the threat and the segment of the campus community being threatened.

If deemed necessary, the College’s Administrative Team will notify local law enforcement of the emergency if they are not already aware of it and local media outlets in order that the larger community outside the campus will be aware of the emergency.

Testing & Documentation

The College tests its emergency response and evacuation procedures at least once a year. The tests may be announced or unannounced. Also, at various times the Emergency Management Team will meet to train and test and evaluate the College’s emergency response plan.

The Security Department maintains a record of these tests and training exercises, including a description of them, the dates and times they were held and an indication of whether they were announced or unannounced. In connection with at least one such test, the College will

distribute to its students and employees information to remind them of the College's emergency response and evacuation procedures.
