

Southeast Missouri Hospital College of Nursing and Health Sciences is seeking comments from the public about the Associate of Applied Science in Nursing Degree Program in preparation for an upcoming evaluation by the Missouri State Board of Nursing. The Associate of Applied Science in Nursing Degree Program will host a visit April 17, 2018, with a team representing the Missouri State Board of Nursing. Southeast Missouri Hospital College of Nursing and Health Sciences has had full approval of the Missouri State Board of Nursing since 1994. The team will review the Associate of Applied Science in Nursing Degree Program's ongoing ability to meet Missouri State Board of Nursing Minimum Standards for full approval.

The public is invited to submit comments regarding the Associate of Applied Science in Nursing Degree Program to the following address:
