

Southeast Missouri Hospital College of Nursing and Health Sciences offers an Associate of Applied Science in Nursing degree. Upon completion of this program graduates have met the educational requirements necessary to be eligible to take the national examination for registered nurse licensure exam. (Nurse Practice Act, Section 335.066RSMo).

A registered nurse performs many duties as a member of the healthcare team. These duties include:

- Assessing a patient's condition
- Identifying patient problems or needs
- Working with the patient, family, physician, and other healthcare team members in planning patient care
- Providing treatments for patients as well as teaching patients and families to provide care
- Evaluating treatment plans to determine if additional treatment is needed

College Mission

To respond to the healthcare educational needs of the region by preparing qualified healthcare professionals.
