

Southeast Missouri Hospital College of Nursing and Health Sciences offers three semester credit hours of courses in phlebotomy. Students who complete these courses will possess entry-level skills in phlebotomy and will be prepared for entry-level positions in clinical laboratory settings such as medical centers and outpatient laboratory facilities.

**Please note that these courses do not include clinical training, which is a requirement for certification. In addition, Southeast Missouri Hospital College of Nursing and Health Sciences does not guarantee job placement for individuals completing these courses. The College encourages students to arrange clinical training prior to applying or to speak with potential employers about their job opportunities upon course completion.

College Mission

To respond to the healthcare educational needs of the region by preparing qualified healthcare professionals.

Accreditation

The College is regionally accredited by the Higher Learning Commission, 230 South LaSalle Street, Suite 7-500, Chicago, IL 60604.

It is the policy of Southeast Missouri Hospital College of Nursing and Health Sciences to maintain and promote equal education opportunity. Students and applicants will not be discriminated against on the basis of race, color, ethnicity, religion, national origin, gender, ancestry, marital status, sexual orientation, age, veteran status, or handicap which does not preclude the person from practicing the program profession after graduation and successful completion of the licensure, certification, or registry.

Eligibility Requirements

The following requirements must be met to be considered for the phlebotomy courses:

- Meet one of the following high school requirements:
 - ◇ Completion of a high school diploma
 - ◇ Completion of an approved high school equivalency exam
 - ◇ Current high school senior at least age 18 and with approval of high school counselor

Application

The Community Student Application packet is available on our website at <https://www.sehcollege.edu/admissions>, in our Admissions Office during regular business hours, or via mail upon request.

Enrollment Requirements

The following requirements must be met after a student receives an acceptance letter but before the student can be enrolled in classes:
